**AWARENESS** PRODUCTS

As members of the Professional Beauty Association, Personal Care Products Council and Independent Cosmetic Manufacturers and Distributors Association, Diamond Cosmetics has the reputation as a leading contract manufacturer of nail polish to the beauty industry. In 2005, we took our expertise to the promotional products industry and expanded our client base.

We offer nail polish, nail treatments, lipstick, lip gloss, matte liquid lipstick, and eye shadow. We offer individual items as well as sets and/or kits, and all of our products are made in the USA with the exception of our abrasive items, which are clearly marked in the catalog. If your customer is looking for something specific not shown in our catalog, please speak with one of our customer service representatives. As the manufacturer, we have the ability to customize our products, creating unique items built to your customers' specifications.

We offer over 300 shades of nail polish, 14 shades of lip gloss, 53 shades of lipstick, 14 shades of matte liquid lipstick, and over 24 shades of eye shadow. We also offer PMS color matching at no additional charge as long as the size of the order meets certain criteria. We recently added an in-house pad printer so we can now offer lower minimums on a couple of items, with quicker production time. Please note that everything is "made to order". Production times vary from 2 – 8 weeks, depending on the size of the order and the availability of the colors selected.

## Some Frequently Asked Questions are:

1. Is there a set up charge?

Yes. The set up charge is \$50.00 (v)

2. Where do you ship from?

We ship from Sunrise, Florida 33351.

3. Is the imprint included in the price?

Yes. A one color, one location imprint is included in the price.

4. Why does production take so long?

Every order is custom made. The bottles must first be decorated and cured before we can fill them. We may also need to produce more polish than what we have on hand. If you are ordering lip products, these are all produced on an order by order basis. These processes take time, but you can be sure that you are receiving the highest quality, freshest product available.

8. Do you provide pre-production samples?

For an additional charge, and if absolutely necessary, we will provide pre-production samples. However, due to the production time, ordering pre-pros will add at least 2 weeks to production time. We recommend virtual samples instead, which are provided at no charge.

9. Do you offer custom polish colors?

Yes, we do. We can PMS color match the polish to meet your needs. However, you must be willing to order a minimum of 1,000 full size bottles for this service. There is no additional charge for this but lab time can take up to 3 weeks for color matching, and then up to 8 weeks for polish production. This does not include the filling.

15. Can you drop ship?

Yes, we will drop ship for up to 10 locations. There is an additional charge for this service.
